

## Posting Rounds Played at Clubs Which are Not Part of GHIN System

Attention members of more than one club (handicap system). If you belong to a golf club that is not a part of the GHIN system, you may now report your score only once and it will be reflected on both systems. The procedure is simple if done correctly.

First, you must advise the Shadow Hills Men's Club of your other Association Name and Member Number (or IGN Number) by email to [DHoop101@aol.com](mailto:DHoop101@aol.com) . We will input that into the GHIN System which will forward your scores posted to your other Association.

Second, you must advise your other Association of your GHIN number and that you are a member of the Southern California Golf Association. Notice, you are not a member of GHIN as that is not a local Association, but is a USGA computer operation.

The score you post on either system from then on will be forwarded, but might take a few days to be properly entered. So, no more need for you Canadians to post to two separate systems.

The following Associations are the only acceptable organizations cooperating in this program:

Chicago District Golf Association

Delaware State Golf Association

Georgia State Golf Association

Golf Association of Florida

Golf Association of Michigan

Alberta Golf Association

British Columbia golf Association

Golf Association of Ontario

Golf Manitoba  
Golf Newfoundland  
Golf Quebec  
Golf Saskatchewan  
Hong Kong Golf Association  
Indiana Golf Association  
Keystone Premier Golf Association  
Maryland State Golf Association  
Montana Golf Association  
New Brunswick Golf Association  
Nova Scotia Golf Association  
Prince Edward Island Golf Association  
Southern Illinois Golf Association  
Wisconsin State Golf Association

At the present time these are the ONLY ones that are available to arrange for single postings of scores.

You will notice that there is no RCGA, Golf Canada, USGA etc. These are not the “local” association that you belong to, but the national organization which does not work in the system.

Please forward to [DHopper101@aol.com](mailto:DHopper101@aol.com) the association above that you belong to along with your member ID. Don't forget to also forward your GHIN # and your SCGA membership to the other association.
